SYSTEMATIC MOBILITY

The CONCORD NEO CARBON buggy is also available as a MOBILITY-SET or TRAVEL-SET, together with two TRAVEL SYSTEM components for supreme flexibility. The TS adapter makes it easy to attach the components to the buggy in a single operation. Each set includes the ultralight CONCORD AIR baby car seat and either the compact CONCORD SCOUT folding carrycot or the stable CONCORD SLEEPER 2.0 carrycot. Each of the last two items transforms the buggy into a comfortable pushchair. Each set also includes the stylish MAMABAG with integrated changing mat and bottle bag, the practical SUNSHINE parasol and the MONSOON rain cover.
