MOBILITY YOU

The NEO MOBILITY SET is perfect proof of the principle that the whole is more than the sum of its parts. The combination of the buggy with the two TS components opens up completely new possibilities, giving you greater mobility than ever before. The CONCORD NEO buggy is the epitome of advanced technology and design and is exceptionally versatile. The CONCORD SCOUT folding carrycot is simultaneously stable and exceptionally flexible. The CONCORD AIR baby car seat is also multifunctional. Inside the car it provides the highest level of safety, and for a trip to the shops or a walk in the park it can be attached conveniently to the buggy in just a single, one-handed operation.
