

FORWARD FACING

from 15 months up to 105 cm. Nevertheless, here at Concord we recommend to travel in the rear facing position for as long as possible.

ADJUSTABLE HEADREST

with 5 positions while the baby is in the seat

FITTED HARNESS AND HEADREST

that provide synchronised adjustment. 5-point harness that spreads the loads across the body better in the event of an accident

REARWARD FACING

Babies travel much more safely in the rearward facing position until they are at least 15 months old. Although Concord recommends extending the use of this position for as long as possible.

360° ROTATION

in both positions. Easy to place the child in the seat

ISOFIX + ANTI-ROTATION LEG

BALANCE

i-Size

0 to 4 years

40 to 105 cm

**EVOLUTIONARY.
EASY TO INSTALL AND SAFE**

iSize car seat with 360° rotation in both forward and rear facing positions. Use the rear facing position from newborn up to 105 cm and then you can choose the forward facing position if preferred from 15 months.
